2.P.16 Affirmative Action.

The college is an affirmative action employer and commits to take affirmative action to increase the numbers of protected group members in under-represented areas. Protected groups include Asians, Blacks, Hispanics, Native Americans, women, persons over the age of forty, persons of disability, and disabled veterans, who are in positions where it is determined they are under-represented. The college will make every effort to:

1. Remove barriers to equal employment opportunity for protected group members.
2. Improve employment opportunities available to under-represented groups.

The college will:

1. Recruit, hire, train, and promote people in all job classifications based only on their qualifications and ability or potential ability to do the job. It will consider protected group status only when such is a bona fide occupational qualification.
2. Administer all other personnel actions such as compensation, benefits, layoffs, return from layoffs, terminations, college-sponsored training, education, tuition assistance, and social and recreational programs without regard to protected group status.
3. Set numerical goals in areas where protected classes are under-represented. It will make every effort to meet such goals within established timetables.

The president maintains:

1. Overall responsibility to ensure the college administers the equal employment opportunity and affirmative action policies effectively.
2. Authority to exercise that responsibility.

Every college employee must make a good faith effort to carry out these policies. Failure to do so may be grounds for disciplinary action.

2.P.17 Sexual Harassment

Sexual harassment is a violation of federal and state law and has the capacity to tarnish the academic and work environment of an educational institution. Sexual harassment in any form, by any member of the College community, including employees, agents, volunteers and representatives, students, and all other persons authorized to be present on the campus or to represent the College at any time or place, is therefore prohibited by Lake Washington Institute of Technology. While it is the responsibility of the College to publish and make known this policy to members of the College community, it is the responsibility of members to be familiar and comply with its provisions.

Sexual harassment can occur between members of the opposite sex or between members of the same sex, among College employees, among students, among other persons on campus, or between any of these persons. In some cases, sexual harassment may occur when a third party reasonably believes that a person in some position of authority gives or appears to give preferential treatment to another person in consideration of a romantic or sexual relationship.

It is a violation of College policy for any member of the College community to engage in sexual harassment. Furthermore, it is a violation of policy to retaliate against any individual or group of individuals who brings an allegation or files a complaint of sexual harassment, or who participates in any proceeding to determine if sexual harassment has occurred. Violations of these policies may result in disciplinary action up to and including dismissal from the College. Complaints of sexual harassment or violation(s) of these policies must be filed with the affirmative action officer or designee in accordance with policy 2.P.82 or 2.P.83.

Definitions:

1. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other oral or written communication or physical conduct of a sexual nature when:
 - A. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic standing;
 - B. Submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting such individual; or
 - C. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance, or such conduct creates an intimidating, hostile or abusive work or academic environment.
2. Sexual harassment is further defined as conduct which places an objectionable emphasis on the sexuality or sexual identity of a person when:
 - A. The objectionable acts are directed toward person(s) of either sex;
 - B. The intent or effect of the objectionable act(s) is to limit or deny full and equal participation in employment or educational services, opportunities or benefits; or
 - C. The intent or effect of the objectionable act(s) is to create an intimidating, hostile or offensive academic or work environment for the member of either sex.

*Adopted February 12, 1992
Revised June 6, 2005*

2.P.18 Conflicts of Interest and Abuses of Power: Sexual or Romantic Relationships with Students, Employees, or Members of the Campus Community

There is an inherent inequality in relationships between students and those College employees with a professional responsibility to teach, advise, counsel or otherwise facilitate students in their academic careers. Consequently the ability of students to genuinely consent to the romantic or sexual advances of such College personnel must be considered questionable. Such relationships may also create an appearance of favoritism in the eyes of third parties which may contribute to the creation of a hostile educational environment.

There is a similar inherent inequality between supervisors and administrators and those College employees whom they supervise when the supervisor or administrator has the ability to affect the employees' career advancement, pay, job assignments, or other terms and conditions of employment. Such relationships may also create the appearance of favoritism in the eyes of third parties and contribute to the creation of a hostile work environment.

Therefore, College employees are prohibited from engaging in any romantic or sexual relationship with or from making any overt romantic or sexual advances upon students whom they have professional responsibility to teach, advise, counsel or otherwise facilitate in their (the students') academic careers.

College employed administrators or supervisors at any level are prohibited from engaging in any romantic or sexual relationship with or from making any overt romantic or sexual advances upon any employee or member of the College community they supervise or the terms and conditions of whose employment or position at the College they have the ability to affect.

Complaints may be initiated by a student, employee or other member of the College community who is or has been in a romantic or sexual relationship or is or has been the subject of overt romantic or sexual advances, or by third parties who allege they have been specifically adversely affected by such a relationship.

The President may initiate formal proceedings on his or her own initiative.

Any complainant who files a complaint under this policy in willful disregard of the truth may be subject to appropriate disciplinary proceedings.

*Adopted June 6, 2005
Revised September 17, 2005*

2.P.19 Executive Conflict of Interest

Pursuant to the Ethics in Public Service Act (chapter 42. 52 RCW), the board of trustees promulgates, for the guidance of its employees, regulations relating to conflict of interest appropriate in view of the college's educational objective. The college policy supplements the Ethics in Public Service Act and any amendments thereto, as well as any executive orders promulgated pursuant to the Act. It is a dual objective in prescribing these essential restrictions against conflicts of interest by the college to not create unnecessary barriers to recruitment and retention of needed personnel.

No administrator, faculty member, employee or agent of the college shall:

1. Have a direct and substantial interest, financial or otherwise, or engage in any business or transaction or professional activity, or incur any obligation of any nature which is in direct and substantial conflict with the proper discharge of his/her official district duties or is in conflict with the public interest in his/her capacity as an administrator, faculty member, employee or agent of the college.
2. Transact or participate in a transaction of any business in his/her official capacity as a college employee with any business entity of which he/she is an officer, agent, employee, or a member, or in which he/she or his/her spouse or minor child has a direct and substantial economic interest. This includes faculty members requiring students to purchase books, tests, or supplies where the faculty member has a personal economic interest in the sales.

In matters where the possibility of conflict exists, reference should be made to the Act, this policy, and advice of legal counsel should be obtained prior to any action. College employees may seek a waiver from the president or his/her designee by notifying the president or his/her designee of any employment, activity, or interest, other than the college, which would reasonably be considered a conflict of interest or which would interfere with the satisfactory performance of his/her assigned duties.

If it is determined that other employment or other interest is in conflict with his/her assigned duties and that remedial action is required, the employee shall take immediate action to end such conflict and advise the president or his/her designee of the action taken.

Failure to take remedial action as determined by the president or his/her designee shall constitute just cause to dismiss, suspend, or take such other disciplinary action as may be appropriate with respect to any employee upon finding that such employee has violated any provision of the Ethics in Public Service Act and/or this policy.

*Adopted February 12, 1992
Revised December 10, 1997*

2.P.21 Employee Ethical Conduct

Pursuant to the Washington Ethics in Public Service Law (chapter 42.52 RCW), the board of trustees promulgates, for the guidance of its employees, regulations relating to standards of ethical conduct appropriate in view of the college's educational objective. The college policy supplements the Ethics in Public Service law and any amendments thereto, as well as executive branch agency substantive rules (chapter 292-110 WAC) and any executive orders promulgated pursuant to the law.

Lake Washington Institute of Technology is a state agency operated in accordance with state laws and rules. To protect the public interest, college employees are obligated to treat their positions as a public trust, using their official powers and duties and the resources of the college only to advance the public interest. This obligation requires that all college employees:

1. Protect the integrity of the college by being independent and impartial in the exercise of their duties, avoiding the use of their positions for personal gain or private benefit.
2. Promote an environment free from fraud, abuse of authority, and misuse of public property.
3. Create a work environment that is free from all forms of unlawful discrimination and harassment.

4. Treat members of the campus community and of the community at large with respect, concern, courtesy, and responsiveness.
5. Protect confidential information to which employees have access in the course of their duties.
6. Not have a financial interest or engage in any activity that is in conflict with the proper discharge of the employee's official duties.
7. Not use their official position to secure special privileges for themselves or any other person or organization.
8. Not receive compensation from any person or organization, except the state of Washington, for performing their official duties.

The board of trustees directs the president to establish procedures to implement the policy and to publish the basic principles of the Ethics in Public Service law for all college staff to use in the daily conduct of their duties.

Adopted November 12, 1997

2.P.25 College Equipment Use

Article VII, Section 7 of the state's constitution prohibits the lending of the state's credit or money to any individual. College equipment is state equipment. The use of state equipment is restricted by law and regulation to official state business on or off campus. No state officer or state employee may employ or use any property under the officer or employee's official control or direction, or in his or her official custody, for the private benefit or gain of the officer, employee, or another. (RCW 42.52.360)

College-owned equipment, tools, computers, etc. are not to be removed from college facilities for any reason, except with the written permission of the college president or his or her designee. This policy applies to all faculty, administrators, and classified staff, both full and part-time. Off-campus use of state-owned equipment, tools, computers, etc. must be approved in accordance with procedures established by the president, and such use will be limited to authorized college business or purposes.

July 10, 1996

2.P.27 Legal Assistance

The attorney general is the official legal advisor to all college boards (RCW 8B.10.510). An assistant attorney general is assigned to work directly with the board and the president, providing the following advisory services:

1. Oral advice in response to informal requests.
2. Memoranda in response to written requests.
3. Letter opinions appropriate to the college and circumstance.
4. Formal opinions in response to specific formal request, which are publicly distributed.

All informal inquiry, informal request, written request, letter opinion, and formal opinion communications with the college's assigned assistant attorney general, or with other offices of the attorney general, will be conducted through the office of the president, executive vice president for instructional services, or vice president for administrative services. A record of attorney general opinions will be maintained in the office of the vice president for administrative services.

Adopted November 12, 1997

2.P.29 Comprehensive Staff Development

1. Staff Development Philosophy

The board of trustees is committed to fostering an environment which promotes and values the full development of all college staff. The board believes it is essential to encourage the continuing growth of a well-educated, well-trained professional staff that is highly skilled in areas essential to the fulfillment of the college's mission, strategic plan, goals, and objectives. Staff development at Lake Washington should provide opportunities and direction to build and enhance current and future performance skills.

The board of trustees recognizes that the environment in which the college operates is changing rapidly. A leading-edge program of staff development must anticipate timely changes in the college's needs. Such a program will concentrate staff development efforts on ability to use new technologies and college systems. It will also offer and structure staff development based on the assessed needs of specific individuals and focus on changing student needs.

The board of trustees believes an effective staff development program includes both central coordination and the facilitation of a concerted effort to address the growth of all regular employees. It also requires the allocation of an adequate level of resources to provide the time, expertise, and materials necessary to attain training and development objectives. At the same time, staff should not have to devote discretionary training resources to college-required activities.

To this end, the board of trustees envisions the creation and maintenance of a comprehensive staff development program which includes broad participation of employees in its design, includes a range of required as well as discretionary activities, and incorporates an outcomes assessment consistent with program objectives. The president will establish procedures to effect this end. These procedures shall be reviewed and published annually and updated when necessary to comply with current law and the needs of the college.

2. Training and Development Programs

Training and development programs should be designed for to:

- A. Professional Growth: Support opportunities for staff to gain the skills necessary for successful performance of job descriptions. Provide opportunities for staff to gain skills necessary for upward mobility.
- B. College Growth: Support training which will result in the most effective and economic assignment of staff for accomplishing institutional goals.

- C. Job Growth: Support opportunities for employees to retrain for other fields of endeavor within the college. This should include situations where an employee's skills may have deteriorated due to physical disability.

It is not the intent of this policy, nor of the provisions describing training and development programs, to obligate the college to provide any specific form of training for a particular employee, nor train a particular employee for a new field of employment.

3. Employee Responsibility

The purpose of the staff development program is to enhance the college's ability to achieve its mission, strategic plan, and goals and objectives. It must, therefore, support staff members to enhance their abilities to perform their jobs. Employees share in the responsibility to create and participate in an effective staff development program. Each employee may participate in the college's comprehensive staff development program through construction annually of a professional growth plan, which should focus on the employee's current field of employment or related fields, be reviewed by their supervisor, and which will:

- A. Establish the activities in which he or she will engage during the year.
- B. Submit appropriate documentation upon completion of each element of the growth as agreed between the employee and his or her supervisor.
- C. Ensure that the college is aware of their educational and technical background by keeping their employment records current.

The provisions of the staff development program are not to conflict with existing language in the college's collective bargaining agreements.

4. Policy Coordination

This comprehensive staff development policy is to be coordinated with existing or future board policies on this subject, particularly at the time of its adoption board policies 4.P.31, 5.P.31, 4.P.35, 4.P.39, 5.P.41.

Adopted June 12, 1996

2.P.31 Committees

The college will create and maintain standing and ad hoc committees to take part in shared governance and decision-making. College committees will:

1. Develop recommendations.
2. Communicate and publish information.
3. Accomplish assigned college business.

Committee membership may include representation from college:

1. Administrators.

2. Faculty.
3. Staff.
4. Students.
5. Community members.

Adopted November 12, 1997
Revised May 2, 2011

2.P.35 Shared Leave

The college recognizes that state employees historically have joined together to help fellow employees who suffer from, or have relatives or household members suffering from, an extraordinary or severe illness, injury, impairment or physical or mental condition which prevents the individual from working and causes great economic and emotional distress to the employee and his/her family and that these circumstances may be exacerbated because the affected employees use all accrued sick leave and annual leave and are forced to take leave without pay or terminate employment. Therefore, the college will participate in the Washington State leave sharing program and directs the president to establish procedures, in accordance with chapter 41.04 RCW, to implement such a program.

Adopted February 12, 1992

2.P.37 Voluntary Employee Beneficiary Association (VEBA).

The college will participate in a voluntary employee beneficiary association program (VEBA) for its employees. The college has developed and will follow procedures for the VEBA, consistent with VEBA requirements and college collective bargaining agreements.

2.P.40 Donation Acceptance

1. Donations may be solicited for the college by staff for approved college activities with prior approval by the staff member's supervisor.
2. Donations may not be accepted for the college without supervisor approval.
3. All donations received in the name of and for the benefit of Lake Washington Institute of Technology shall be approved of, receipted by, and accounted for by the college treasurer and become state property.
4. All donations received in the name of or for the benefit of Lake Washington College Foundation shall be approved of, receipted by, and accepted by the foundation director.

Adopted November 12, 1997

2.P.50 Access to Public Records – Purpose (WAC 495D-276-010)

The purpose of this chapter is to ensure that College District 26 complies with the provisions of chapter 42.17 RCW and in particular with those sections of that chapter dealing with public records.

Adopted July 8, 1992

2.P.51 Access to Public Records – Definitions (WAC 495D-276-020)

2.P.70 Copyright And Patent Policies – General Statement (WAC 495D-180-005)

1. The board of trustees of College District 26 recognizes that, as part of the institutional educational mission, the publication of certain materials may enhance educational processes. The board also recognizes and encourages the right of faculty, staff, and students to exercise individual initiative in creating materials which meet copyright specifications and which may generate royalty income when marketed.
2. The generation of materials which may be copyrighted often extends beyond the initiative of individuals and may include the use of equipment, facilities, and financial support either from the institution or from outside sources. Accordingly, the college will maintain a policy which clarifies and protects the respective rights of faculty, staff, student employees, and the college by defining the types of materials which should be designated as "college-supported" or "college-sponsored," by establishing procedures for administering policy concerning these materials and by stating policy governing their ownership and use and the rights to income produced therefrom.
3. It should be emphasized that this policy does not affect the personal ownership rights of faculty, staff, or student employees to books or other materials not specifically commissioned by the college or the preparation of which were not assisted in any significant way by a third party sponsor or the college. The creator is free to use his or her own name, and receive royalties resulting from sales, providing the initiative

for the work came solely from the creator and the college, including grants or contracts administered by the college, did not provide a significant portion of the resources utilized in production of materials.

Adopted December 9, 1992

2.P.71 Copyright And Patent Policies – Scope and Definitions (WAC 495D-180-010)

1. This statement of policy shall apply to all faculty, staff, and student employees of the college and any group or groups of faculty or staff or student employees of the college or any combination thereof.
2. As used in this chapter:
 - A. “Copyright administrator” means the college president or his or her designee;
 - B. “Creator” means the author or producer of a creative work;
 - C. “Individual” means any faculty, staff, or student employee or employees of the college or any group or groups of faculty, staff, or student employees of the college.

Adopted December 9, 1992

2.P.72 Copyright And Patent Policies – Materials Subject to Copyright (WAC 495D-180-015)

1. The following original creations, among others, ordinarily are classed as copyright-eligible:
 - A. Books, journal articles, texts, glossaries, bibliographies, study guides, laboratory manuals, syllabi, tests, and proposals.
 - B. Lectures, musical or dramatic compositions, and unpublished scripts.
 - C. Films, film strips, charts, transparencies, and other visual aids.
 - D. Video and audio tapes and cassettes.
 - E. Live video or audio broadcasts.
 - F. Programmed instruction materials.
 - G. Computer programs.
2. This policy does not apply to the following types of materials:
 - A. Articles submitted to or published by scholarly and professional journals.
 - B. Class notes produced in connection with a regularly-scheduled course of instruction.

Adopted December 9, 1992

2.P.73 Copyright And Patent Policies – Rights to Copyrightable Materials (WAC 495D-180-020)

1. Individual effort: Any individual who produces copyright-eligible material as the result of individual initiative and effort and without the significant assistance, support or sponsorship of the college or a college-administered grant or contract shall retain full right of ownership, control, use, and disposition over the material. The individual shall be solely responsible under such circumstances for determining whether to copyright the material.
2. A. College-supported individual effort: If the college provides significant support or assistance for an individual in producing materials eligible for copyright such as, but not limited to, the creator's use of college funds, equipment, facilities, materials, staff services, or other resources without full and prompt reimbursement by the individual, ownership of rights in the material shall be vested in the college subject to the conditions set forth in this policy. The college may copyright such materials when it appears that copyrighting will be in the best interest of the college and individual.
- B. Any individual who is preparing, or is planning to prepare copyright-eligible material under circumstances which may be considered college-supported, College-assisted, or college-sponsored, shall initiate an inquiry as to their status. A descriptive statement of the relevant facts shall be forwarded to the college copyright administrator. Thereafter, the college copyright administrator shall advise the individual as promptly as possible as to whether the materials should be regarded as college-supported or college-sponsored within the meaning of this policy. The college copyright administrator's decision in such cases will be considered as a preliminary draft opinion subject to clarification and final action when the work is completed. The final decision will be rendered in accordance with WAC 495D-180-025.
3. College-sponsored effort: Ownership rights in college-sponsored materials shall be vested in the college subject to the conditions set forth in this statement of policy. Materials are college-sponsored if the individual has been commissioned in writing by the college or otherwise assigned to develop the materials or, in their production, has been authorized released time for which the individual will receive compensation from college funds, including grant and contract funds administered by the college. The college copyright administrator may, at his or her sole discretion, elect to share with the individual royalties resulting from sales of such materials: Provided, that the individual shall have no right to the sharing of such royalties in the absence of an express written agreement with the college copyright administrator.
4. A. Efforts supported by outside agencies: Copyright-eligible materials produced under the sponsorship of agencies outside the college must contain specific provisions regarding the disposition of any royalties or materials generated through grants or contracts furnished by such agencies. Any individual accepting support from outside agencies must verify the content of these provisions. No college employee may enter into a contract with an outside agency which requires a college employee's participation unless royalty rights and the disposition of copyright-eligible materials are specified clearly, and such provisions are acceptable to the college copyright administrator and consistent with college policies covering such activities.

- B. Where the college is a party to sponsored projects resulting in production of copyrightable materials, the following conditions will apply:
- (i) Title to all materials will remain with the college.
 - (ii) The sponsor of the project may retain rights to royalty-exempt use of materials.
 - (iii) With the college copyright administrator's written concurrence, parties to a sponsored grant or contract may agree to assignment of rights which may vary from (b)(i) and (ii) of this subsection.
 - (iv) Any sharing of, or individual participation in any royalty income, must be specified under the terms of the contract with the sponsoring agency and approved in writing by the college copyright administrator.
 - (v) As copyright administrator, the president of the college or his or her designee will retain final responsibility and authority for all decisions on royalty sharing and other copyright matters involving the college.

Adopted December 9, 1992

2.P.74 Copyright And Patent Policies – Procedures (WAC 495D-180-025)

1. In any instance where copyrightable materials are generated other than by individual efforts, i.e., partially or fully supported or sponsored by the college or by an outside agency but involving college participation, the college copyright administrator will confer with the individual creator and other concerned parties to reach a copyright agreement which is acceptable to all parties and consistent with the college copyright policy.
2. The college copyright administrator may appoint a copyright committee of up to three persons to advise on matters related to ownership, disposition, and royalty distribution from copyrightable materials.
3. All programs expected to generate copyrightable materials by other than individual effort must undergo prior review by the copyright administrator in order that a preliminary determination can be made regarding rights, disposition of materials, and distribution of income.
4. Records of advance arrangements and copies of all agreements must be part of all project files; the creator must provide copies of all agreements to the copyright administrator.
5. Any agreement made with individual creators may be reviewed and revised subsequently at the option of the college copyright administrator.
6. All contracts or agreements made with individuals or sponsoring agencies must contain reference to the college copyright policy as a basis for the agreement.

7. In all instances, copyright agreements and decisions affecting those agreements will be formulated on the assumption that protection of the rights of individuals is important and that agreements should be designated to stimulate individual initiative.
8. All agreements made under the college copyright policy and these procedures should be designed to assure adequate controls and to fulfill college accountability for allocated public resources and the reimbursement of those resources where appropriate.

Adopted December 9, 1992

2.P.75 Copyright and Patent Policies – Use of Materials (WAC 495D-180-030)

1. Two categories of use are differentiated for purposes of this policy:
 - A. Internal use: Use by any unit of the college for instruction or other educational purposes.
 - B. External use: Use by educational institutions other than the college, use by government agencies and other nonprofit institutions, and use resulting from lease or other contractual arrangements for commercial distribution of the materials.
2. Use of college-supported or college-sponsored materials under this policy shall be subject to the following conditions:
 - A. Internal use: (i) Use within the college does not require the approval of either the individual creator or the college unless advance approval is required by a prior written agreement. (ii) As long as the individual creator of college-supported or college-sponsored materials remains employed by the college, he or she may request reasonable revision of the materials prior to any instance of internal use and may ask that the materials be withdrawn from internal use if necessary revisions are not feasible. The final decision regarding appropriate revision or withdrawal of materials will be made by the copyright administrator. (iii) If the individual creator terminates employment with the college, then the college retains the right to continue internal use of the college-supported or college-sponsored materials except as the individual and the college agree in writing on special conditions for subsequent internal use of the materials and the procedures for their revision.
 - B. External use: Licensing or sale of college-supported or college-sponsored materials for external use shall be preceded by written agreement between the college and the individual creator specifying the conditions of use, including provisions concerning the right of the individual creator to revise materials periodically or to withdraw them from use, subject to existing agreement, in the event revisions are not feasible.

Adopted December 9, 1992

2.P.76 Copyright and Patent Policies – Payments to the Individual Creator (WAC 495D-180-035)

1. Compensation for production activity: In general the regular assignments of the individual should be adjusted to take into account the extra time required to develop or

produce college-supported or college-sponsored materials. In these circumstances, additive compensation will not be paid to the individual creator. If recorded material is reused, it may be appropriate to adjust the regular assignments of the individual where he or she makes some continuing input or contribution to the repeated program.

2. Income from sales or rentals:
 - A. Both the college and the individual are entitled to a share of income from the licensing or sale of college-supported or college-sponsored materials; the college on the basis of salary, facilities, administrative support, or other resources devoted to the project, and the individual for creative activity which contributes to an enriched educational program. Where sponsored grant or contract funds are involved, the division of income will be subject to approval by the sponsoring agency. In some cases, the sponsor may require that all income be credited to the project account.
 - B. Where college-supported or college-sponsored materials are to be sold or rented, and subject to any limitations specified by granting agencies, the following guidelines pertaining to financial arrangements shall be observed: (i) All incremental expenses related to the production and distribution of additional copies will be recovered from each sale or rental. (ii) An appropriate fraction of the college's original production costs, as agreed upon between the individual and the college copyright administrator, also will be recovered from each sale or rental. (iii) Subject to any limitations specified by outside granting agencies, a royalty of not more than ten percent of (b) (i) and (ii) of this subsection may be included in the sale or rental price. After production costs are fully recovered and after required distribution to a sponsoring agency, if any, the resultant royalty income will be divided equally between the individual and the college.

Adopted December 9, 1992

2.P.77 Copyright and Patent Policies – Protection and Liability (WAC 495D-180-040)

1. The college copyright administrator shall investigate allegations of unauthorized use or copyright infringement of college-supported or college-sponsored materials and shall recommend appropriate action. If legal remedies are pursued by the college, all costs of such remedies shall be borne by the college. All proceeds in excess of such costs shall be shared equally by the college and the individual creator, subject to sponsoring agency limitations, if any, when a grant or contract is involved.
2. Before any use is made of college-supported or college-sponsored materials, the individual creator shall certify in writing to the copyright administrator that, to the best of the individual creator's knowledge, the materials do not infringe on any existing copyright or other legal right. When there are allegations of violations of personal or property rights by the college or by the individual creator in college-supported or college-sponsored materials copyrighted by the college, the college shall assume responsibility for the defense on any action. However, the individual creator may indemnify the college against any damages, charges, costs, expenses (including counsel fees), judgments, penalties, liabilities, or losses of any other kind or nature whatsoever, which are sustained or suffered by or imposed on the college as a result of the finding

of any court or other decision-making tribunal that such a violation, caused by the creator, has occurred.

Adopted December 9, 1992

2.P.80 Grievance Policies and Procedures – Discrimination – Preamble (WAC 495D-300-010)

Lake Washington Institute of Technology is covered by the Age Discrimination in Employment Act, Titles VII and IX of the Civil Rights Act of 1964, by section 504 of the Rehabilitation Act of 1974, Chapter 49.60 RCW, and the Americans With Disabilities Act. The college prohibits discrimination on the basis of race, color, religion, marital status, age, handicap/disability, national origin, sex, sexual orientation, sexual harassment, or any other unlawful basis. Any applicant for admission, enrolled student, applicant for employment, or employee of Lake Washington Institute of Technology who believes she/he has been discriminated against may lodge an institutional grievance by following the procedures below.

Adopted July 8, 1992

2.P.81 Grievance Policies and Procedures – Discrimination – Policy Statement on Disabilities (WAC 495D-300-015)

Students with documented disabilities as defined in PL 101-336 who meet admission qualifications will be provided reasonable accommodation. Accommodations may be made in the style of instructional delivery, method of evaluation, or curricular aides. The college will not lower the standard measurement of competency for the certificate of merit or the standards for a degree.

Specific support services and auxiliary aids will be determined prior to registration. State vocational rehabilitation agencies or common school districts charged with providing support to handicapped students will retain primacy of responsibility for necessary auxiliary aids.

Lake Washington Institute of Technology encourages all students to achieve the highest level of skill development possible, as well as to achieve the ability to function independently in the workplace. Therefore, accommodations will be provided on a decreasing basis to the extent that the student's reasonable requirements diminish as the student becomes increasingly successful in training and nears job placement.

Adopted July 8, 1992

2.P.82 Grievance Policies and Procedures – Discrimination – Informal Procedure (WAC 495D-300-020)

All employees and students should feel free to discuss perceived discrimination with the individual immediately in charge, such as the first-line supervisor or instructor, to see if the situation can be resolved informally. Employees and students may also consult directly with the college affirmative action officer, or coordinator for disabled student services for grievances related to handicap/disability, without making a formal written complaint, and this consultation will be considered confidential. Employees and students are not required to use the informal process and may go directly to the formal procedure.

Any college official receiving a discrimination complaint shall contact the affirmative action officer or designee as soon as reasonably convenient. The college official shall arrange for the complainant to receive a copy of the grievance procedure.

Adopted July 8, 1992

2.P.83 Grievance Policies and Procedures – Discrimination – Formal Procedure (WAC 495D-300-030)

Employees and students must make a written complaint concerning discriminatory behavior to the affirmative action officer or designee.

1. Complaints will be held in confidence. No action against the person accused will ordinarily be taken on behalf of the complainant unless the complainant consents to be identified to the one accused in connection with the investigation, although the college reserves all rights to take appropriate corrective measures regardless of actions of the complainant.
2. The complainant may bring a person of his or her choice to the initial or subsequent complaint meetings.
3. The affirmative action officer or designee shall give a copy of these regulations and any applicable board policy to the person making the formal complaint and to the accused.
4. The result of that consultation and any investigation made will be communicated to the complainant before any further action is taken. The affirmative action officer or designee will be responsible for investigating the complaint and discussing the complaint with the complainant and the accused.
5. The affirmative action officer will make a written report and/or recommendation to the appointing authority or appropriate disciplinary authority within a reasonable time following the close of the investigation or meeting. An informal meeting may be substituted for investigation if the complainant and the accused agree.
6. Appropriate corrective measures, if any, will be decided by the appointing disciplinary authority upon consultation with the affirmative action officer and the appropriate administrators and consistent with applicable bargained agreement provisions and state statutes. If an accused employee or student disagrees with the determination or appropriateness of the corrective measures, that individual may contest those measures through any available faculty or classified grievance procedures, if they are covered by a bargained agreement, or the student disciplinary code.
7. In the absence of an applicable grievance procedure under a collective bargaining agreement, the accused employee or student may, within thirty days of the corrective measure(s), file with the executive vice president for instruction or vice-president for administrative services a written request for adjudication. That vice-president shall meet with the employee or student to determine whether the matter should be heard as a regular or brief adjudicative proceeding. That vice president shall be the presiding officer for the proceeding.
8. The presiding officer may affirm, modify, or reverse the corrective measure(s).
9. The decision of the presiding officer shall be final unless, within twenty-one days after it is served, a party files with the president a written request for administrative review or the president or designee decides to conduct such review.

10. Information will be entered in the personnel or student file only to the extent that a formal reprimand or other disciplinary action has been taken. If no disciplinary action is taken, the affirmative action officer will keep a record of the investigation accessible to the president, the complainant and the accused for a period of three years and then that record will be destroyed. If a formal complaint is filed with an outside state or federal agency, files will be maintained until the complaint is resolved. When such files are used, written notice will be placed in the file indicating the person using the file and the date used.

Adopted July 8, 1992

2.P.84 Grievance Policies and Procedures – Discrimination – Other Remedies (WAC 495D-300-040)

These procedures outlined in chapters 495D-300-010 through 495D-300-030 WAC, are internal college procedures and, as such, serve to resolve complaints within the college's administrative framework. These procedures do not replace an individual's timely complaint with an external agency such as the Office of Civil Rights, Equal Employment Opportunity Commission, or the Washington state human rights commission.

Adopted July 8, 1992

2.P.85 Nepotism Policy – Definitions (WAC 495D-113-010)

Adopted December 9, 1992

2.P.87 Nepotism Policy – Basic Nepotism Policy (WAC 495D-113-030)

In the appointment of its faculty and staff members, the college district seeks those persons best qualified to fulfill the institution's teaching and service obligations. Accordingly, members of the same family may be appointed to faculty and staff positions when it has been determined that they are the most qualified candidates for the positions. However, a person may not be hired into a position that would result in a relationship where an employee is involved in the recruitment, screening, appointment, termination of appointment, promotion, demotion, approval of salary increase or decrease, supervision, or evaluation of a member of the employee's family or of a person with whom the employee shares a substantial economic

interest. Otherwise, family relationships shall not be used as a basis for granting or denying employment rights, privileges, or benefits.

Adopted December 9, 1992

2.P.90 Practice And Procedure – Adoption of Model Rules of Procedure (WAC 495D-108-010)

The model rules of procedure adopted by the chief administrative law judge pursuant to RCW 34.05.250 are adopted for use at this college. Those rules may be found in chapter 10-08 WAC. Other procedural rules adopted in this title are supplementary to the model rules of procedure.
