

Associated Student Government Board of Trustees Report September 2017

General Updates:

Student Programs welcomes aboard a new ASG team with two returning members, as well as some new and returning Campus Life Specialists. While new to their positions, the ASG Executive Board features a diverse group of individuals with a wide variety of unique skill-sets. We currently have one position open on the ASG Executive Team. Over summer quarter, ASG has been working diligently on planning the opening and operation of the campus food pantry, now named The D.E.N. (Daily Eating Necessities), which will open to students in October 2017. Fall training is underway for Student Programs student employees and we look forward to using our newly learned skills to contribute to the Lake Washington campus community in the present, as well as the future.

Events:

8/21/17 – Sweet Summer Solar Social

Distributed 100 solar eclipse-viewing glasses to students. Students socialized and enjoyed Sun Chips and Capri Suns on the campus lawn. ASG Officers used this opportunity to introduce themselves to students followed by serving ice cream sundaes in the East Mall; planned by the Campus Life Programming Team.

9/6/17 – Student Leadership Conference

Went to Pasco and interacted with all 34 community and technical colleges. Heard many notable speakers and learned a wide spectrum of information pertaining to being a leader and improving lives of the student body.

Student Chartered Clubs:

The 2016-2017 academic school year ended with 20 active LWTech clubs, which held 167 events and activities throughout the school year. Club members grew the campus communities and their individual skills by participating in meetings, conferences, orientations, fundraising, celebrations, tours, trips, the LWTech Open House and attending industry lectures. ASG funded clubs \$13,500.00 to support their events and travel to activities.

Clubs of summer

- **Dental Hygiene Class of 2019**
- **Medical Assisting**
 - Facilitated the quarterly MEDA pinning ceremony
- **Game Development Club**
 - Prepared for PAX experience
