

Lake Washington Institute of Technology offers multiple degrees designed for students intending to transfer to 4-year institutions for a particular major (“Major Related Programs” or MRPs). These include the DTA (Direct Transfer Agreement) MRPs and the AS-T (Associate of Science–Transfer) MRPs, for the completion of specific transfer curriculum that’s related to specific areas of study. Completing this degree prepares students to transfer with junior status to a participating college or university. The requirements for these DTA-MRPs

and AS-T-MRPs are dictated by the State and the transfer institutions that accept them (all public universities and some private ones). The Academic Core requirements are generally more extensive for DTA-MRPs and AS-T-MRPs than they are for AAS-Ts, but courses may overlap. Since the DTA-MRPs and AS-T-MRPs transfer more widely across the State they are best for students who intend to get a bachelor’s degree but have not selected a specific 4-year college or university. The DTA-MRPs and AS-T-MRPs are also accepted into some bachelor’s programs here at LWTech.

Degrees:

Find out more!

- Associate in Biology, DTA/MRP
- Associate in Business, DTA/MRP
- Associate in Computer Science, DTA/MRP
- Associate in Construction Management, DTA/MRP
- Associate in Math Education, DTA/MRP
- Associate in Pre-Nursing, DTA/MRP
- Associate in Technology, DTA/MRP
- Computer and Electrical Pre-Engineering, AS-T/MRP
- Mechanical, Civil, Aeronautical, Industrial, Materials Science Pre-Engineering, AS-T/MRP

LWTech is a public college and is proud to be regionally accredited by the Northwest Commission on Colleges and Universities at the associate and bachelor degree level. The NWCCU is the same organization that oversees accreditation for 162 institutions, including University of Washington, Washington State University, and Central Washington University. Some of our programs carry industry accreditation as well.
