COMPLETING THE RUNNING START ENROLLMENT VERIFICATION FORM (RSEVF)

PURPOSE: The RSEVF ensures that a student's monthly enrollment does not exceed the allowable combined 1.20 full-time equivalent (FTE) limitation. This form provides the college the FTE available for Running Start enrollment, provides the high school with the enrolled colleges classes, and notifies the student and their parents/guardians if tuition charges will occur.

The RSEVF is required to be completed each college term for each student enrolling in college classes through the Running Start program, including home-based and private school students. Students attending more than one college for any college term are required to have a separate RSEVF for each college. When a student will be attending multiple colleges, the appropriate box in the upper right hand corner of the RSEVF must be checked.

If the student's high school or college enrollment changes during the college term, a revised RSEVF must be completed and the appropriate box in the upper right hand corner of the RSEVF must be checked.

FTE AND ANNUAL AVERAGE FTE (AAFTE) LIMITATIONS: Running Start students may not be claimed for a combined high school and college enrollment that exceeds 1.20 FTE for any month except January. Neither the high school nor college enrollment can individually exceed 1.00 FTE, except for students enrolled in a high school and skill center.

When a student is enrolled in both a high school and a skill center and claimed for more than a combined 1.0 FTE, the available Running Start enrollment is limited to a 0.20 FTE. When a student's combined high school and skill center enrollment is less than 1.0 FTE, the standard Running Start calculation applies.

This 1.20 FTE limitation applies to the annual average FTE (AAFTE), where a Running Start student may not be claimed for a combined high school and college enrollment that exceeds 1.20 AAFTE for the school year. High school and skill center AAFTE is the 10-month average of the FTE reported for the months September through June. Running Start AAFTE is the 9-month average of the FTE reported for the months October through June.

Students that exceed the 1.20 FTE or AAFTE may be charged tuition by the college for the credits in excess of this limitation.

When the high school first semester and the college winter quarter overlaps in January, a Running Start student can be claimed for more than a 1.20 FTE for that month only. When planning for the winter quarter and the high school has a semester calendar, counselors should use the second semester to determine the available FTE for winter quarter. When this overlap occurs, the student may be subject to a reduced FTE or to paying tuition for the spring college quarter, if the 1.20 AAFTE would be exceeded. Completion of the Spring Quarter Eligibility Adjustment Form (SQEAF) will identify students at risk of exceeding the 1.20 AAFTE and will calculate the reduced available FTE for the spring quarter. For students whose spring quarter available FTE is reduced, a completed SQEAF must be attached to the spring quarter RSEVF and the appropriate box in the upper right hand corner of the RSEVF must be checked. Students attending more than one college for the spring quarter must have the SQEAF attached to each college's RSEVF.

For more information refer to the annual bulletin regarding the 1.20 Running Start FTE limitation.

INSTRUCTIONS FOR COMPLETING THE RSEVF

STUDENT SECTION: The RSEVF begins with the student completing the first section of the form. Students who are under the age of 18 at the beginning of the college term, must provide their parent/guardian information. The student's high school student identification number (SSID) is available at the high school guidance office. If the student does not know his/her college student identification number (SID), refer to earlier completed RSEVFs. If the student is new to the program, the college SID is available on the processed college application.

HIGH SCHOOL COUNSELOR/RUNNING START ADVISOR SECTION: The high school counselor and Running Start advisor complete this section.

School Year: Indicate the school year.

College Term: Select the college term that the student will be enrolling in. For colleges on a quarter calendar, indicate which quarter – Fall, Winter, or Spring. For colleges on a semester calendar, indicate which semester – 1st or 2nd.

High School and School District: Fill in the student's primary high school and resident school district. If the student is enrolled in a charter school or tribal compact school, leave "School District" field blank.

Grade Level: Indicate the student's grade level. Students in 11th and 12th grade are eligible to enroll in a Running Start program. Fifth year seniors are limited to take Running Start classes that will fulfill the student's district, charter school, or tribal compact school's graduation requirements only, pursuant to WAC 392-169-055(4) and must have participated in Running Start during their 11th or 12th grade year.

Determining the Student's High School FTE: FTE in high school and skill center classes is calculated based on a class's weekly enrolled minutes and eligible passing time. Fifteen hundred weekly minutes equals 1.0 FTE. Refer to the high school and skill center master bell schedule available at the registrar or business administration office for the exact weekly minutes and the FTE for each high school class. Add the FTE for each enrolled class to determine the student's total high school and skill center FTE.

Determining the Student's Available Running Start FTE: Running Start FTE is based on the enrolled college credits. Fifteen college credits equal 1.0 FTE. Use the Running Start Funding Limit Table on the front page to determine a student's available Running Start FTE. Find the row with the student's high school and skill center FTE. Refer to the Max FTE column to determine a student's maximum Running Start FTE. The Max Credits column converts the maximum Running Start FTE to Running Start credits.

Recommended Running Start Classes: The student, with the help of the high school counselor and Running Start advisor, should fill out the requested college courses. The high school equivalency portion of the table can be completed by the student if an official high school list of equivalencies is available. Otherwise, this section is completed by the high school counselor.

Signatures of High School Counselor and Running Start Advisor: Both the high school counselor and Running Start advisor should review the form for accuracy, enter his/her printed name, date, phone number, and signature.

STUDENT & PARENT/GUARDIAN SECTION: The student and parents should review the completed form for accuracy and understanding, then sign and date the acknowledgement at the bottom of the form.

DISTRIBUTION OF RSEVF AND RECORDS RETENTION: Copies of the completed form should be retained by both the high school and college. The original form is kept by the student and his/her parent or guardian.

RUNNING START RESPONSIBILITY AGREEMENT

STUDENT ID: _____ Quarter You Plan to Start: _____

I, _____, a student in Lake Washington Institute of Technology’s Running Start Program, am aware of the following:

I, _____, a parent/guardian of a student in Lake Washington Institute of Technology’s (LWTech) Running Start Program, am aware of the following:

	Student	Parent
<p>All LWTech courses will become part of the student’s permanent record. Only students and the appropriate school district and college officials have access to student’s college grades and records. To obtain student’s grades or records, parents/guardians must have a release form signed by the student. At the end of each quarter, students can go to LWTech Enrollment Services and request an official college transcript be sent to their high school if desired although final grades will be forwarded to the high school on behalf of the student each quarter by the running start advisor.</p>		
<p>RS students are attending an educational program in an adult environment. Some classes may expose minors to educational material that contains nudity, strong language, or depictions of violence. Students may be exposed to alternative political and social view points and material of an adult nature in college classes. As an institution of higher education in pursuit of academic excellence, LWTech welcomes the expression of diverse and opposing views that foster learning in a collegiate setting. By enrolling the student in RS at LWTech, I give consent to the students’ full participation in all high school and college courses, programs and activities and understand that alternative assignments are not authorized.</p>		
<p>In accordance with the guidelines stated in the Family Education Rights and Privacy Act (“FERPA”) instructors will not discuss the student’s progress with a parent. It is the student’s responsibility to communicate with the instructor regarding progress and/or any other issue. RS students are held to the same standards as adults.</p>		
<p>It is the student’s responsibility to read the course syllabi in order to understand course requirements, assessment methods, grading scale, and policies related to late assignments, participation, absences and other important course information. Students are expected to clarify any questions regarding the course with the instructor.</p>		
<p>Students and parents must be aware that the college calendar does not align with school district calendar Students are responsible for arranging their college schedule so it does not conflict with their high school schedule. College courses are offered in three 11-week quarters beginning in September, January and March/April.</p>		
<p>The pace of the college quarter is such that missing class can have a significant impact on a student’s grade and mastery of the material. It is strongly encouraged that students arrange schedules in order to attend all required classes. In those cases, where missing class is unavoidable, it is the student’s responsibility to know the course syllabus and the impact of absences and late work.</p>		
<p>Students who achieve less than a 2.0 quarterly GPA will be placed on Academic Alert. A student achieving less than a 2.0 GPA for a second quarter in a row will be placed on Academic Probation. The third quarter in a row earning less than a 2.00 GPA will result in Academic Suspension for one quarter. The appeals process is outlined in the LWTech Handbook available on the college web site.</p>		
<p>In order for a class to count towards a LWTech degree or certificate, or to be considered as meeting a prerequisite for a subsequent course, a minimum of 2.0 is required. However, the high school may award high school credit for grades below 2.0. Typically, the minimal passing grade to obtain high school credit is a D (1.0).</p>		
<p>Students are responsible for meeting all high school graduation requirements, as established by their high school, and for determining how high school and LWTech courses meet (continued next page) two-year and four-year college requirements. Students should see both their high school counselor and the Running Start Advisor (in W210) for academic advising.</p>

<p>Students are responsible for all non-tuition costs at LWTech including *textbooks, required course materials, technology/course/lab fees, tuition for credits in excess of a combined (high school and college) FTE of 1.2 and courses below 100 level. Students are responsible for transportation, completing all required Running Start forms each quarter, and reading all correspondence sent by the LWTech Running Start office. Please note that all tuition and fee rates are set by the Washington State Legislature, the State Board for Community and Technical Colleges and the Board of Trustees and are subject to change. LWTech reserves the right to change, without notice, any fees to comply with the state or college regulation or policies.</p> <p>* Students can participate in our textbook loan program by signing the Textbook Loan Agreement. The textbook loan program does not cover, online textbooks with access codes, software licenses and online programs where a single login is purchased to be used by a single student over the course of the quarter/quarters in a class/classes. Workbooks and other materials that are written in and cannot be reused by other students are also not covered. Please consult with the RS advisor and/or student book store on campus to look at material/textbook costs of classes that may not be covered, if this is of concern.</p> <p>** Return all loaned textbooks quarterly by THE LAST DAY OF EACH INSTRUCTIONAL QUARTER or IMMEDIATELY UPON DISMISSAL OR WITHDRAWAL. If books or equipment are not returned, the student will be billed. Delinquent accounts will be turned over to a collection agency where additional charges may be applied. Overdue books cannot be accepted for return.</p>		
<p>Students and parents must be aware that while establishing low income status can waive certain fees, not all fees are waived. For example, program/course fees to cover special costs associated with certain programs and courses are not waived. Same applies to some textbooks/online textbooks/programs/logins/materials/supplies needed for a class that cannot be reused by another student in a future quarter.</p>		
<p>Some coursework will require access to computer and specialty software. There are a large number of MAC and PC computers available for use across campus. The LWTech Library Computer Lab offers both Windows and Mac computers, internet, and specialty software that is not available on computers in other areas of the Library. If you plan to do work on your own computer, please be aware that some courses run software that will only run on certain platforms (PC vs. MAC, etc.). Please check with your instructor if you have any questions or concerns about this.</p>		
<p>Students are responsible for knowing all LWTech policies on enrollment, fees, attendance, progress, parking, dress, and conduct as written in the LWTech Student Handbook available on the college website.</p>		
<p>All course registration transactions (adds/withdraws) must be processed by the RS advisor. Before considering changes to your schedule, it is advised to consult with your high school counselor. A student may work with the RS advisor to officially withdraw from any course through the eighth week of the quarter. The last day to withdraw can be found on the LWTech Academic Calendar. Official withdrawals occurring after the tenth instructional day of the quarter are posted with a "W" on the student's permanent transcript. Withdrawals do not count in the GPA calculations and cannot be assigned by faculty in the grading process. Grades earned in college as a Running Start student may affect admission to other colleges in the future and impact their ability to receive financial aid.</p>		
<p>A student may participate in Running Start for a maximum of 6 quarters. His/her eligibility terminates at the end of the 12th grade academic year. A second year senior who has participated in RS may enroll in RS, but only for those specific courses needed to graduate from high school.</p>		
<p>I give my permission to the Principal/Dean and /or designated high school programs/running start staff to act on my behalf (or on behalf of my student) regarding actions related to admissions, registration, enrollment and/or withdrawal from classes. LWTA reserves the right to make schedule changes or other actions in the best interest of students.</p>
